

Government Compliance: Government Compliance Analyst II

Applies and analyzes accounting principles on contracts, costs, processes, practices and procedures with Federal Acquisition Regulations (FAR) and Cost Accounting Standards (CAS) interpretations. Ensures continued approved status of major business processes and systems required to do business with U.S. Government. Interacts with federal regulatory agencies and internal personnel while investigating and resolving U.S. and foreign government procurement regulatory compliance issues. Prepares reports of findings and recommendations to management. May negotiate rate agreements, provide government regulatory accounting training to company personnel and evaluate company practices for compliance to regulations.

Knowledge

Frequent use and general knowledge of industry practices, techniques and standards. General application of concepts, and principles.

Problem Solving

Develops solutions to a variety of problems of moderate scope and complexity. Refers to policies and practices for guidance.

Discretion/Latitude

Works under only very general supervision. Work is reviewed for soundness of judgment and overall adequacy and accuracy.

Impact

Contributes to the completion of organizational projects and goals. Errors in judgement or failure to achieve results would normally require a moderate expenditure of resources to rectify.

Liaison

Frequent internal company and external contacts. Represents organization on specific projects.

Minimum Education and Experience

3+ years directly related experience with Bachelor's Degree in Finance, Business or related field. Intermediate MS Word, PowerPoint and Excel skills.
