

# Government Compliance: Sr. Government Compliance Analyst

---

Applies and analyzes accounting principles on contracts, costs, processes, practices and procedures with Federal Acquisition Regulations (FAR) and Cost Accounting Standards (CAS) interpretations. Ensures continued approved status of major business processes and systems required to do business with U.S. Government. Interacts with federal regulatory agencies and internal personnel while investigating and resolving U.S. and foreign government procurement regulatory compliance issues. Prepares reports of findings and recommendations to management. May negotiate rate agreements, provide government regulatory accounting training to company personnel and evaluate company practices for compliance to regulations.

## **Knowledge**

Contributes to the development of new concepts, techniques and standards. Considered expert in field within the organization.

## **Problem Solving**

Develops solutions to complex problems that require the regular use of ingenuity and innovation. Ensures solutions are consistent with organization's objectives.

## **Discretion/Latitude**

Work is performed without appreciable direction. Exercises considerable latitude in determining objectives and approaches to assignment.

## **Impact**

Effects of decisions are long-lasting and heavily influence the future course of the organization. Errors in judgment or failure to achieve results would result in the expenditure of large amounts of company resources.

## **Liaison**

Serves as consultant to management and special external spokesperson for the organization on major matters pertaining to its policies, plans, and objectives.

## **Minimum Education and Experience**

10+ years directly related experience with Bachelor's Degree in Finance, Business or related field. Advanced MS Word, PowerPoint and Excel skills.
